

## Meet Soni

Email: [meetsoni124@gmail.com](mailto:meetsoni124@gmail.com) | Mobile: +91-8160664412

---

### Summary:

I'm an Innovative DevOps Engineer with a strong Linux background of experience in designing, implementing, and managing cutting-edge deployment automation of cloud resources. Highly experience in supporting, automating, and optimizing mission-critical deployments in Cloud, leveraging configuration management, CI/CD, and DevOps processes.

### Experience:

#### **Associate Kubernetes Admin | Infosenseglobal, Gandhinagar (fab '22 – continue)**

- Worked on deployment of large application on highly available environment like azure Kubernetes cluster. Installed, Configured and Troubleshoot microservice based application on cluster using helm.
- Created and Managed CI/CD pipeline on azure DevOps server/service for automation.
- Created Large high available AKS cluster using terraform with advanced configuration and dependency tree.
- Proficient in building and maintaining Docker images and using Dockerfile and Docker Compose to deploy multi-container applications.
- Expert in Docker, including containerization, orchestration, and deployment in production environments. Skilled in optimizing application performance and efficiency with Docker, as well as debugging and troubleshooting in development and production environments. Experience using Docker to automate the build and deployment process, with strong CI/CD skills.
- Continuously improved skills and knowledge in using AWS to design and implement complex, multi-tier architectures, with a strong understanding of security best practices and compliance requirements. Skilled in using a variety of AWS services, including EC2, VPC, EKS/ECS, S3, and Load Balancer, to build and manage highly available, cost-effective cloud solutions.

#### **DevOps Internship/Training | IForward, Surat (Sep '22 - fab '22)**

- Learned about Basic Linux server (yum server, Apache, partitioning, basic linux monitoring)
- Learned about containerization tool Docker (installation, configuration, Dockerfile, docker hub, docker-compose),
- Learned about container orchestration Kubernetes (installation on-premise, aws, creating deployments, services, StatefulSet, ingress, pv-pvc-storageclass etc).
- Deployed WordPress with MySQL on VM, Docker, Docker-compose, Kubernetes all the environments for full understanding.

### Strength:

- Result Oriented and Workaholic.
- Self-Confident
- Determined towards the achievement
- Positive thinker

### **Technical Skills:**

- Docker, Kubernetes
- Aws, EKS/ECS, EC2,
- Azure, AKS, Azure DevOps, Azure Container Registry
- Terraform
- Jenkins
- Git – GitHub
- Argocd
- Shell-Scripting
- Linux
- K8s Monitoring
- Grafana / Prometheus
- ELK – Stack / EFK - Stack

### **Education:**

**B.E. Mechanical** from Gujarat Technological University

**Passing Year:** 2021 | **CGPA:** 8.48

### **Personal Profile:**

<b>Name</b>	: Meet Mahendra Bhai Soni
<b>Date of Birth</b>	: 29 -11 -1999
<b>Marital Status</b>	: Unmarried
<b>Language Known</b>	: English, Hindi and Gujarati
<b>Permanent Address</b>	: 6-B, Geeta Apartment, Nanpura, Surat - 395001

### **Declaration:**

I hereby declare that the above-mentioned information is correct upon my knowledge.

**Meet Soni**

Place: **Gandhinagar**
